

Crucial Conversations[®]

FOR MASTERING DIALOGUE

DIALOGUE IS THE DIFFERENCE

Whenever you're not getting the results you want, it's likely an important conversation either hasn't happened or hasn't been handled well. In fact, both individual and organisational success are largely determined by how quickly, directly, and effectively we speak up when it matters most. At the heart of healthy and high-performance organisations are people willing and able to hold Crucial Conversations.

WHAT'S A CRUCIAL CONVERSATION?

A Crucial Conversation is a discussion between two or more people where the stakes are high, opinions vary, and emotions run strong. When conversations turn crucial, people tend to follow one of two ineffective paths: they either speak directly and abrasively to get the results they want but harm relationships, or they remain silent with the hope of preserving relationships only to sacrifice results.

But there's a better way. Crucial Conversations gives people the skills to step into disagreement—rather than over or around it—and turn disagreement into dialogue for improved relationships and results.

Crucial Conversations for Mastering Dialogue is an engaging classroom programme rich with group discussion, real-time practice, and group support and coaching. Delivered in one or two days, this in-person programme offers the best in traditional learning and development.
