

FAST TRACK CERTIFICATION

Get certified to train every programme—quickly and easily.

The Crucial Learning Fast Track Certification programme is designed to help our trainers get certified in an additional Crucial Learning programme without having to attend an additional certification programme.

HOW IT WORKS

Crucial Learning certified trainers (trainers who have attended a programme + trainer certification) can certify to facilitate an additional programme in four easy steps:

1. Attend a public or private programme in the solution.
2. Pass a content knowledge assessment within thirty days of attending the programme. After you've completed the assessment, Crucial Learning will send you your trainer materials.
3. Begin facilitating.
4. Train three classes of the new programme in nine months to complete certification.

If you're ready to start facilitating a new Crucial Learning programme, contact your Senior Client Advisor today:

ABOUT THE HUMAN EDGE

The Human Edge improves the world by helping people improve themselves. We offer programmes in the areas of communication, performance, and leadership, focusing on behaviours that have a disproportionate impact on outcomes, called crucial skills.
